

YELDALL MANOR

LIFE-CHANGING PROGRAMMES

Yeldall Manor is a residential Rehabilitation Centre, near Reading. For over 40 years, Yeldall has been helping men overcome drug or alcohol addictions to live new lives. All the staff and volunteers at Yeldall have a faith in Christ. Yeldall believes that true freedom (from addiction and the past) is best attained through a relationship with Jesus.

LIFE-CHANGING COMMUNITY

Changed Lives

Recovery from addiction is achieved through a supervised 6-month programme, followed by increasing levels of self-management and work experience, living at "The Lodge" near the Manor, and then in more independent housing. Over the years, hundreds of men have experienced life transformation, finding healing, wholeness and hope for the future. Donations to Yeldall go mostly into the Bursary Fund, which covers the cost of residents who cannot secure other funding.

Pray for:

- Residents at all stages of rehabilitation and reintegration into working life;
- Funds for bursaries and maintenance.;
- Wisdom and perseverance for staff.

UNOH
Thailand

Urban Neighbours Of Hope Thailand

A missional order affiliated with Churches of Christ (Australia and Thailand) and Baptist Union (New Zealand).

Elise and Jon Fletcher with Elliot, Sam and Bow. Based in Klong Toey slum since 2014.

As a family, the Fetters have been exploring the call to stand with the poor that they see modelled beautifully in Jesus. Adopted Bow had a cochlear implant and is learning to hear.

Their desire is to share everyday life with those who have little choice over where they live. They live by faith, and are mainly supported financially by family and friends.

RoyRak Creative employs local women to make jewellery to give an income. The logistics are complex and rest on sales being a success! They would value support in raising their profile on social media in selling the fair-trade jewellery!

They also sell through agents in other countries.

Pray for:

- Jon, Elise and the family and Bow's health as she continues to settle in;
- Encouragement for Elliot and Sam as they adjust to school and changes to the daily routine;
- Funding for schooling;
- Finding schooling for Bow;
- Relationships with the neighbours.

CHURCH CENTRE

Our Mission Partners .. Please Pray

April 2020

Just Around the Corner

Just Around the Corner (JAC) Ltd is a registered charity (1998) based in Berkshire UK engaged with young people and their families. They enable them to make positive choices. JAC also does youth outreach work on the streets of towns around Wokingham.

Rehoboth (near Wokingham) is a centre that uses equine assisted learning and other activities, such as arts and crafts, as therapies for children and young people, who are often referred from local schools.

Eden church (Woodley) offers youth oriented worship.

Our Mission Statement

To walk alongside young people and families, showing love and acceptance according to Christian principles, encouraging brave and positive choices.

Pray for:

- Rehoboth, Activity Centre, Equine assisted learning;
- Schools work and detached work;
- Eden Church.

LAMB Project, Parbatipur, Bangladesh

LAMB is an Integrated Rural Health & Development Project, including a 150-bed hospital, which serves the people of NW Bangladesh, focusing especially on the poorest, and on women and children.

Affordable health care for all !

LAMB Health (LH) raises money for LAMB Projects in NW Bangladesh. LH's target is to raise £100,000 a year for the Poor Fund, which subsidises the treatment of those too poor to pay for themselves; no-one is turned away. LAMB is known for its high quality service, especially in women's health. LH also supports LAMB's disability services and its Community Health Programme; amongst its aims are safer deliveries, delaying the age of marriage amongst teenagers and increasing preparedness for severe annual floods.

Please pray for:

- Staff facing the daily pressures of great need and limited resources;
- God's love to be recognised through the care of staff and ministry of local Churches;
- Continuing increase in average age of marriage and fewer teenage pregnancies.

Ben and Katy are directors at Neema Crafts in the diocese of Ruaha, Tanzania, where over 120 people with disabilities are trained and employed in Iringa. The Centre trains deaf and physically disabled staff in skills, such as cooking and hospitality in their cafe and guesthouse and crafts such as tailoring, carpentry and paper-making. They have a new shop in Dar-es-Salam. The staff form a close and supportive community. Neema Crafts aim to replicate their work in other areas in Tanzania, but need NGO status.

Church Mission Society

Ben and Katy Ray,
Zachary, Alessia
and Julia.

In Tanzania, there is a great stigma attached to having a disability, so the Centre provides dignity and hope for people who would either be hidden away or live by begging. It has eight workshop areas, a therapy unit for disabled children and an award winning cafe and conference centre. The welcoming guest house is a joint venture with the local Mother's Union (Umaki). Houses are being built for local staff.

Please pray for:

- Ben, Katy and their family for good health;
- All the staff for encouragement in their daily living;
- Local NGO and charitable status for Neema Crafts.

Kimbilio Sanctuaire des Enfants

Helping children build a future with hope, supporting street children in Lubumbashi, D.R. Congo

The Kimbilio team is led by Jean Bosco Tshiswaka, a Congolese national who has a background in youth work. They are supported by the Dean of the Anglican Cathedral as well as CMS and CMS Africa.

Kimbilio, which means sanctuary, has been working with children living on the streets of Lubumbashi since 2009. They help them overcome their personal challenges and begin to build a future with hope.

They seek to reunite children with their families wherever possible and appropriate. This is difficult in Congo, which is vast with weak infrastructure and widespread poverty. Four homes help children in transit and also those who need to stay longer. The welcome centre offers a rehabilitation programme with education and training in health, nutrition and giving accommodation support. The four key areas of service provision are prevention, street outreach, rehabilitation and reintegration.

Please pray for:

- Survival for vulnerable children on the streets;
- Physical and mental health for these children;
- Wisdom for the staff team;
- The political situation in DRC;
- Construction and administration of the new school.
