Prayers for our church family

We pray that now there are relaxing of restrictions, God will give us wisdom and understanding to know what's best in order to move forward in our daily lives and church.

We thank you Father that you are always with us, you know our hearts and our needs. Help us to keep our eyes fixed on you, our ever present help in times of trouble. Amen

Prayers for the world

Virus Pandemic

Whilst recovery from the virus continues in the UK, the DEC last week launched an appeal for countries where the situation is worsening. Pray for a generous response and effective use of funds, especially in refugee camps. E.g in Bangladesh, the cramped Rohingya camps, housing 1 m people, have recorded 54 cases.

Zimbabwe

Along with neighbours, Zimbabwe is suffering a crippling drought with people waiting hours for water trucks, and resorting to dirty water sources carrying disease. Lowest rainfall since 1981. Pray for rain, for struggling farmers & for water and food supplies.

Worldwide Church

Pray for places where God's people suffer persecution and discrimination. Pray for churches at the fore-front of providing health messages about Covid-19, and caring for its victims.
