St James reopening!

St James' Church is now open for weekly public worship. We will be holding services at 10:30 every Sunday, and Holy Communion at 10:00 every Wednesday. Please note that the sermons will be the same on Sundays and Wednesdays, and if you prefer a quieter service, you may prefer to come on a Wednesday. You will need to book a ticket to attend **Sunday worship**, which are available online at- www.stjameswoodley.eventbrite.co.uk. Please call the office if you don't have access to the internet to reserve a seat. The deadline for booking a ticket is **Friday 12pm midday** each week. Before you arrive, please read the guidelines regarding COVID-19 and St James' which has been circulated via email and on the homepage of our website. We look forward to welcoming you back! With love, Laurence (Vicar)

Prayers for our church family

We thank God that our services are able to start up again. We pray for all those involved in the preparations for reopening St James safely, and those who will come on a Sunday and a Wednesday. We also pray for those of our church family who are not returning at the moment. We pray that God will meet with them in their homes, and give them peace and comfort and know they will be missed.

Prayers for the world

Beirut, Lebanon

The massive explosion on Tuesday killed over 100 people and injured several thousand, plus damaging 100's of homes. Pray for all affected, especially for hospitals treating casualties but already stretched by Covid 19 cases.

Bangladesh

The country is experiencing the worst floods for 20+ years, after incessant monsoon rains. Over one third of the country, an area nearly twice the size of Wales, is under water. Water supplies polluted, homes damaged, crops destroyed. Pray for the 5+ million people affected - alongside the Covid pandemic.

Covid-19 worldwide

As restrictions are reduced here, pray for countries still gripped by the disease, especially the top 3 - US, India and Brazil. Pray for countries in Africa, Latin America and S.Asia where health services are ill equipped to cope.
