### Craft Challenge

Moses' mum made a basket for her baby son from reeds.

What can you create this week using only natural materials from your garden?

### Service Challenge

All through Moses journey we can see that God went ahead of him. God made sure he was saved as a baby, had a plan for what Moses should say and do, even sent pillars of cloud and fire to go before him in the desert!

This week can you keep one step ahead and do things BEFORE you are asked?

Laying the table, tidying your room, cleaning your teeth... what will you do first?

### Entertainment Challenge

When Aaron and Moses came before Pharaoh, God gave them amazing miracles to perform to show He was with them.

Why not put on a talent show this week for your family and invite everybody to share their gifts and talents?

### Prayer Challenge

Moses was a great leader to God's people and an example for them to follow.

Pray and ask God to help you set a good example for others this week.

### Leadership Challenge

Moses led God's people out of slavery in Egypt and on a long journey to the promised land. He showed them how God wanted them to live.

Play a game of follow the leader together – practice being good followers and good leaders. A good leader makes sure that everybody can keep up and that nobody is left out.
