Prayers

Covid 19 Pandemic

Pray for Govts and health services around the world struggling still to contain the disease. In the Amazon rainforest, the indigenous peoples have been particularly badly hit. Pray for the success of measures here to stop a second wave, especially in the universities, and for all who have been affected by the virus.

S.Sudan

Parts of the country are experiencing severe floods for the second year in a row, causing widespread displacement. Pray for those who have lost homes and livelihoods; crops destroyed and cattle dying of disease. Pray too for Somalia, also experiencing floods on top of locusts and Covid 19.

Social impacts of Covid 19

A recent report from Save the Children estimates that thousands more girls will be forced into early marriage, mainly in S.Asia, as a result of Covid 19, damage to livelihoods and increased poverty. Pray for change in systems which discriminate heavily against women and for families trapped in poverty.
