

On The Road to Emmaus

As the two disciples walked to Emmaus, they met a stranger who helped them to see (understand) what the prophets had said about Jesus in the Scriptures.

It was only as they were sharing some food that Jesus let them see that it was Him who had been talking with them. What the other disciples were saying was true! **Jesus was alive!!**

Cut out and decorate these glasses to help you remember Jesus helping his friends to see things more clearly

- * Ask a grown up to help you cut out the eye pieces
- * Use some sticky tape to attach the arms so that you can wear them
